**3. In 2016-17, what was the number of beds per 100,000 population in each of the following bed types?**

*Please note - for questions 3 to 8 we are providing actual figures as we are unable to provide figures per 100,000 population as this is not something we hold.*

*The Health and Safety Laboratory (HSL) hosts and runs a National Population Database tool which comprises detailed population data for Great Britain in a number of different categories. One of these relates to hospitals and has been previously created using locational information from the Ordnance Survey as well as statistics relating to hospitals.*

The information you are requesting regarding bed numbers in 2016/17 is already available in the public domain<sup>1</sup>. Please use these links, [Link1](#) and [Link2](#).
