Thank you for your request concerning ASD Assessments Since 17th August 2020.

Your request has been considered and processed in accordance with the requirements of the Freedom of Information (FOI) Act 2000.

1. I would like to know how many ASD assessments have taken place since 17th August 2020.

Adults ASD Assessments

The period in question was marked by a substantial variation to normal practice as a consequence of the IPC measures required during the pandemic. These made the process of conducting autism assessments much more complex than normal and essentially very significantly reduced the number carried out.

35 assessments were carried out between 17th August 2020 and 1st March 2022.

Should you require further clarification, please do not hesitate to contact me.

Please find enclosed an information sheet regarding copyright protection and the Trust's complaints procedure in the event that you are not satisfied with the response.

Yours sincerely
