Thank you for your request concerning Mid Essex TT Data Protection Documents.

Your request has been considered and processed in accordance with the requirements of the Freedom of Information (FOI) Act 2000.

- 1. I am trying to find out whether Mid Essex Talking Therapies (METT) has its own data protection documents or whether it relies on generic HPFT documents. In particular, I am interested in any METT documents which identify data protection risks and how they should be prevented. I would expect that to be contained in one policy/procedure document.**

METT does not have its own data protection policy, they follow Trust policy.

Should you require further clarification, please do not hesitate to contact me.

Please find enclosed an information sheet regarding copyright protection and the Trust's complaints procedure in the event that you are not satisfied with the response.

Yours sincerely

Sue Smith
